Current Rehabilitation Packages *(effective 11th December 2023)*

How we approach your dog's rehab is completely your choice. Our aim is to provide cost-effective treatment to all animals. Discounted packages are generally utilised to reduce the cost of post-operative rehabilitation or long-term management. We've got a selection to choose from – if you have any questions as to which may be most suitable, please contact us!

Most insurance policies cover “complementary” or “alternative therapies” – please check with your insurance provider if this is the case. Most, if not all, major insurance providers cover our services.

Bundles are refundable should circumstances change, but the sessions already used will be deducted from the fee at their normal rate.

Hydrotherapy Bundles:

These are for hydrotherapy sessions only and do not include the Initial Consultation.

“The Shorty”

6 sessions
You have 8 weeks to use them

5% discount applied
